My apologies for not getting this to you yesterday. Attached is the 2012 Tier II Chemical Report for Adair Grain Inc. d/b/a West Fertilizer Co. I believe the chemical quantities to be accurate. They have marked some chemicals as EHSs when they actually are not.

Please let me know if there is anything I can do to assist you.

Thanks much,

I am going to bet you have received a few requests for the latest Tier II forms from the facility....

Can I add my request to the list... I have already been asked several times from different elements within EPA...

If you have the 2012 as a .pdf, that would be perfect...

Faithfully yours,
